

## *Sign Code Update*

### **BACKGROUND**

The last major revision of the City's Sign Code was completed in 1992. It's time to update the Sign Code regulations to ensure that they support current City goals for urban design and economic development.

### **WHAT WE'LL DISCUSS**

The City of San Jose will be seeking the community's input on the size and character of signage in the Downtown and the preferred signage strategies for:

- Billboards
- Supergraphics
- Electronic signs

### **FOR INFO**

Please contact Carol Hamilton at (408) 535-7837 or by email at [carol.hamilton@sanjoseca.gov](mailto:carol.hamilton@sanjoseca.gov)
